CITIZEN'S ADVISORY GROUP BEING FORMED

We need your help!

The Kentucky Transportation Cabinet (KYTC) is currently performing preliminary engineering and an environmental assessment on U.S. 31E from KY 332 to the Salt River Bridge. The first phase of the project is to identify and document properties eligible for the National Historic Register. All of these properties have been identified and the boundaries have been mapped. The next step is to gain approval from the Federal Highway Administration. Once that is done, engineers can begin to develop alternative alignments for the new U.S. 31E. The KYTC needs your help in this process!

A Citizen's Advisory Group(CAG) is currently being formed to work with the KYTC and the project team to review and evaluate the new alignments. It is critical that the CAG be representative of all interest groups and points of view on the project. The KYTC is seeking individuals who are interested in serving on the CAG over the next several months to assist the project team and represent the Bardstown-Nelson County community.

If you wish to be a part of this project please mail the enclosed letter to:

Field Identification of Eligible Properties Completed

All properties within the U.S. 31E corridor A.P.E.(Area of Potential Effect), have been field identified and reviewed for potential eligibility for the National Historic Register. A project map has been included in this newsletter that shows these properties (shaded). Due to the 14 mile length of the project, the maps are shown as segments of the project. Each property has a designation number and the name of the current property owner listed on the map. A listing of all properties, with additional information, is also in this edition of the newsletter.

Please note that determination of eligibility has not yet been approved by the Federal Highway Administration and is subject to change. Formal review will occur with the submittal of the Cultural Historic Resources Report to the Federal Highway Administration. This report is expected to be completed and submitted around the first of the year.

ELIGIBLE HISTORIC PROPERTIES (all eligible properties not shown)

Hedge Haven

Grant House

Old Star Inn

Cox's Creek Baptist Church

David Cox House

Catherine Cox House

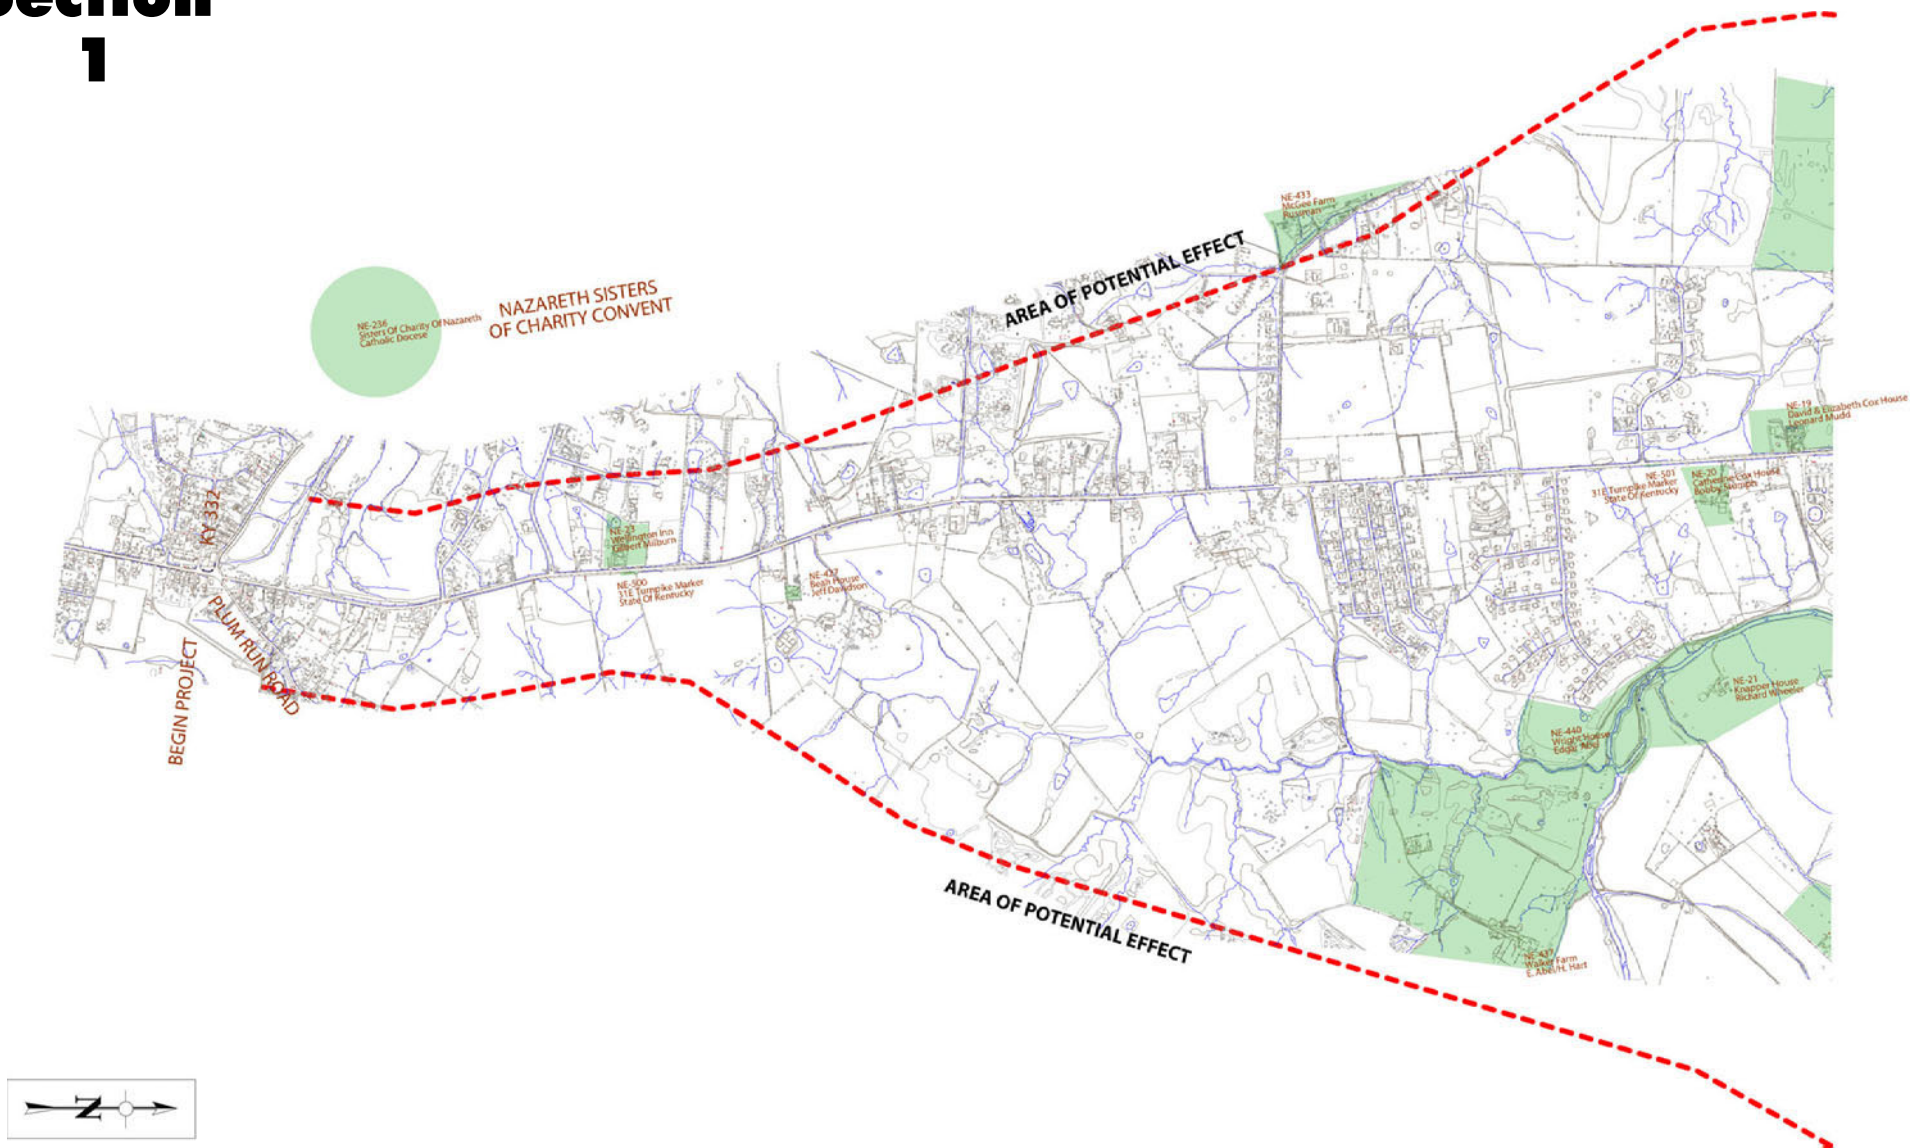

US 31-E RECONSTRUCTION PROJECT REPORT OF FINDINGS FROM CULTURAL HISTORIC REPORT LISTED AND POTENTIALLY ELIGIBLE PROPERTIES WITHIN THE PROJECT AREA

IMPORTANT NOTE: THIS IS A DRAFT DOCUMENT AND THESE FINDINGS ARE PRELIMINARY. THIS REPORT HAS NOT BEEN REVIEWED BY THE APPROPRIATE FEDERAL AND STATE AGENCIES.

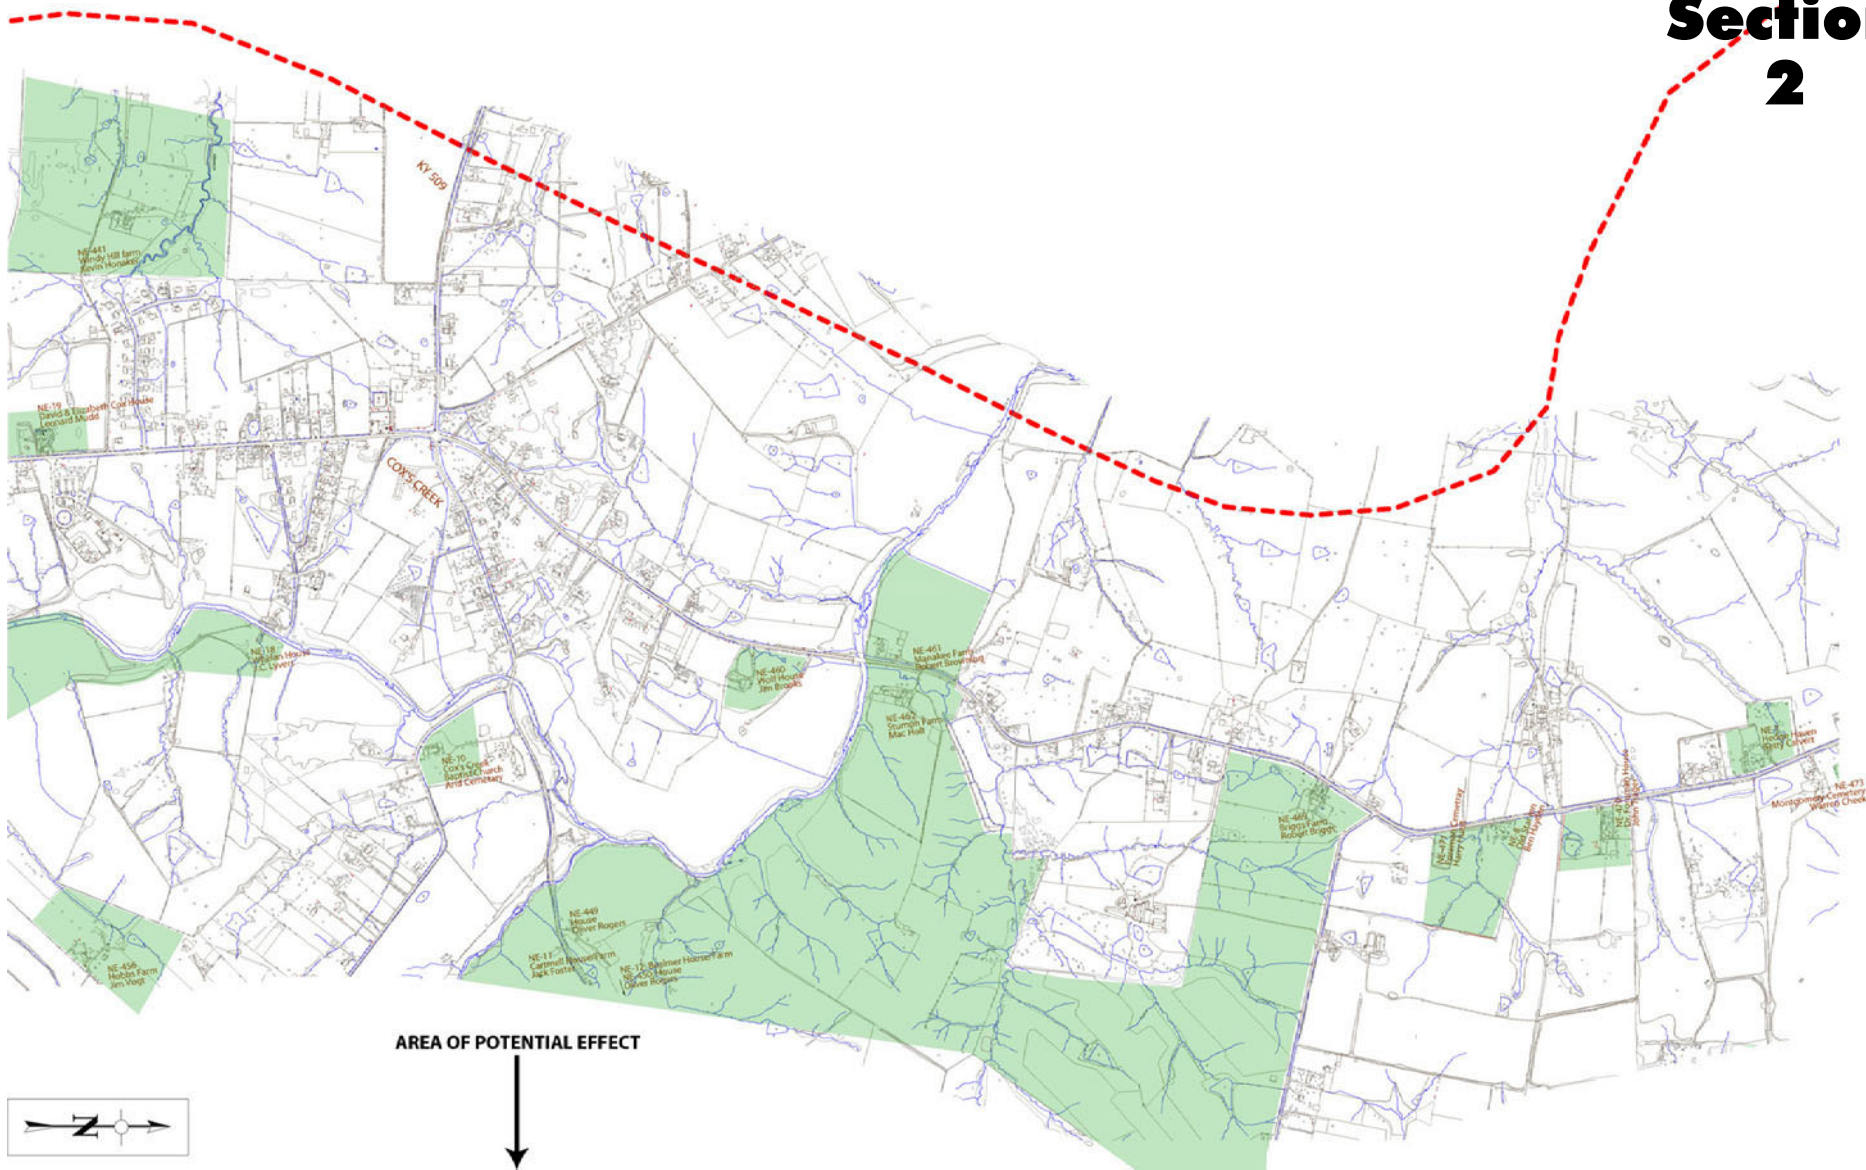

The fieldwork to document the historic properties within the project area was completed in September of 2002 and a total of 123 sites were evaluated within the Area of Potential Effect. Two sites are listed in the National Register of Historic Place, The Sisters of Charity of Nazareth, (Ne-236) in Nelson County and the Riverview Schoolhouse, (Ne-26) in Spencer County. In addition, 42 other properties appear to meet the National Register Criteria, some as individual sites, and others as part of historic districts. Please note that the two letter designation identifying the sites refer to the counties in which they are located ie: **Ne-Nelson, Sp-Spencer and Bu-Bullitt.**

SITE	HISTORIC NAME	PRESENT OWNER	LOCATION	LISTED OR ELIGIBLE
Ne-236	Sisters of Charity of Nazareth	Catholic Diocese	31-E at Rt. 332	Listed
Ne-23	Wellington Inn	Gilbert Milburn	31-E	Eligible
